Day-Of Coordination

Catering and coordination are a perfect combination, and our team can make sure that set-up, service, vendors and food run perfectly together. Our down-to-earth day-of coordinators are experts at troubleshooting last minute mishaps, handling any sensitive family issues, and making sure that there are no worries on the couple's plate.

Services Provided

- Reception Timeline - We run the timeline throughout the Birchtree contracted timeframe. This may include on-site ceremonies. We'll make sure all of your vendors are ready and cue the procession.
- We will create and customize your reception timeline from cocktail hour through dessert to include service times and special wedding moments, and we will share this with your vendors two weeks prior to the wedding.
- Vendor Coordination - We act as your day-of contact for vendor arrival and check-in.
- We will cue your vendors throughout the reception for special wedding wedding moments.
- Personal Reception Items - We can place guest book, card box, escort cards, completed centerpieces, and reserved ceremony signs.
- We will organize personal items at the end of the reception for clients to take home (or leave at the venue).
